MESSAGES

BaSS President
Prof. Dr. Argirios Pissiotis

*Dear distinguished members of the Balkan Stomatological Society,
Dear Colleagues in the Balkan Countries,*

It is my pleasure to invite you to attend the 23rd Congress of the Balkan Stomatological Society (BaSS) which will be organized this year by our President-Elect, Professor Dr. Norina Forna in Iasi, Romania at the Palas Congress Hall from the 10th through the 12th of May 2018.

The Balkan Stomatological Society (BaSS) following its tradition of more than twenty years in organizing, as per its constitutional obligation, another annual Congress with the purpose of bringing together dentists from all the Balkan countries to exchange scientific knowledge and share clinical experiences for the benefit of the oral health care of the people residing in the Balkans.

The chosen theme of this Congress is “Dental Medicine of the younger versus elderly patients”. This addresses the provision of oral health care to the young people to ensure that they live their lives with as smaller dental problems as possible but also ensures that the elderly people receive the dental care they require to be able to enjoy the rest of their lives.

This Congress has also another purpose except the pure scientific one and this is the opportunity it will provide once more, to bring together dentists from the Balkan and other European countries to spend a long weekend together socializing, meeting old friends, making new ones enhancing communications between professionals from the Balkan area and Europe.

With this message I would like to wish my dear friend and colleague Prof. Norina Forna and her team a great success with the organization and extend an invitation to all the colleagues to come to Iasi.

**With Kind Regards,
Prof. Dr. Argirios Pissiotis
BaSS President**

MESSAGES

President of BaSS Congress 2018
Prof. Univ. Dr. Norina Forna
Dean, Faculty of Dental Medicine,
Grigore T. Popa U.M.Ph., Iasi, Romania
President of the Romanian Society of Oral Rehabilitation

Dear Colleagues,

I warmly invite you to the 23rd Balkan Stomatological Society Congress, which will be held this year in Iasi, Romania, from 10 to 12 of May 2018.

This meeting marks an important moment in the evolution of the Romanian Association for Dental Education and of the Faculty of Dental Medicine, under the aegis of interdisciplinarity and avant-garde.

The selection of the governing theme for this international scientific event is not random: the dental medicine practice raises special issues in the treatment of either young or elderly patients, which often require special demands, opening a wide field of subjects for the dental research.

The BASS meeting will bring our city, Iasi, in the center of the scientific community devoted to the study of advances in dental medicine. Distinguished speakers from all around the world will offer the most recent updates in the clinical and paraclinical areas of interdisciplinarity, covering a broad range of topics, and the sessions of conferences and oral communications organized throughout the meeting will provide a valuable framework for all the specialists in the field of dental medicine to change knowledge and to establish new professional collaborations.

We are looking forward to welcome you in Iasi, the city of seven hills, "little Rome" of Romania, from the heart of the Moldavian region, a city rich in history and culture, and we hope that your staying here will be a very pleasant experience!

President of BaSS Congress 2018
